

DAN DARE II

THE MEKON'S REVENGE

MEKON

EVIL SCIENTIFIC MASTERMIND OF VENUS. LEADER OF THE TREENS. DUE TO HIS PHYSICAL WEAKNESS HE IS PROTECTED BY AN INVISIBLE ENERGY SHIELD, AND RELIES ON A HOVER CHAIR FOR TRANSPORT. GALACTIC DOMINATION IS HIS GOAL!

SPACEFLEET STRIKE FORCE

TOP GRADE SPACE PILOTS, TRAINED FOR COMBAT IN ALL CONDITIONS. EQUIPPED WITH JET PACKS AND LASER GUNS, THEY WILL HELP DAN DEFEAT THE MEKON AND FIGHT OFF THE TREENS.

TREENS

LOYAL FOLLOWERS OF THEIR FLAWLESS MASTER THE MEKON. EQUIPPED WITH LASER RIFLES AND JETBIKES.

SUPER TREENS

ENCLOSED IN ATMOSPHERIC PROTECTION CAPSULES, THEY ARE READY TO BE LAUNCHED UPON A DEFENCELESS EARTH! CLOSE BY CAN BE FOUND THE LIFE SUPPORT CONTROL BOXES WHICH ARE THE KEY FACTOR IN THE STRUGGLE BETWEEN DAN AND THE MEKON.

DAN DARE

FEARLESS AND BRAVE COLONEL OF INTERPLANETARY SPACEFLEET. HIS LOYALTY TO HIS SPACEFLEET COMRADES KNOWS NO BOUNDS. HE WILL SAVE THE EARTH AT ALL COSTS.

MEKON ATTACK VESSEL CROSS-SECTION

VENTILATION DUCT

THESE ARE USED TO CIRCULATE OXYGEN AROUND THE SPACECRAFT. ONCE GRIPPED BY THE PULL OF THE AIR FLOW, IT IS A STRUGGLE TO ESCAPE OR TRAVEL IN THE OPPOSITE DIRECTION. LUCKILY, THESE ARE A FAIRLY SAFE METHOD OF TRANSPORT, ALTHOUGH ONE WAY ONLY.

FORCE FIELD

THESE SEAL OFF AND PROTECT AREAS OF THE SPACESHIP FROM ATTACK. ALL FORCE FIELDS ARE CONTROLLED BY ONE OF THE FOUR FORCE FIELD GENERATOR COMPUTERS ABOARD THE SHIP.

AIR LIFTS

THESE ARE USED EXCLUSIVELY TO TRANSPORT AND DEPLOY TREEN GUARD SQUADS ABOUT THE SPACECRAFT

LASERS

MOUNTED LASER CANNONS FIRE REPEATEDLY AND WILL SOON DRAIN YOUR ENERGY SUPPLY UNLESS AVOIDED.

ARTIFICIAL GRAVITY GENERATORS

ALTHOUGH HARMLESS IN THEMSELVES, THEY DO GIVE OFF STRONG ELECTROMAGNETIC FIELDS OF ENERGY WHICH CAN MAKE MOVEMENT IN CERTAIN DIRECTIONS FRUSTRATINGLY AWKWARD.

BLAST DOORS

THESE DOORS OPEN AUTOMATICALLY WHEN SHOT. SLIDING UP INTO THE CEILING TO ALLOW EASY ACCESS. AFTER A FEW SECONDS THE DOORS WILL CLOSE AGAIN, PROVIDING THEY ARE NOT OBSTRUCTED. ONLY TWO DOORS WILL OPEN AT THE SAME TIME TO PREVENT DRASTIC CHANGES IN SHIP AIR PRESSURE.

FORCE FIELD GENERATOR COMPUTERS

THESE MAINTAIN THE ENERGY CURRENT PASSING THROUGH THE FORCE FIELDS, AND CONTROL SHIP SECURITY. THEY CAN BE EASILY DESTROYED BY A FEW WELL AIMED LASER BLASTS.

REFUSE CRUSHERS

UNWANTED MATERIALS AND WASTE PRODUCTS ARE BEAMED HERE TO BE COMPRESSED BEFORE BEING EJECTED INTO SPACE OR RECYCLED. THESE ARE EXTREMELY DANGEROUS AREAS TO NEGOTIATE, OFTEN MADE MORE DIFFICULT TO PASS THROUGH BY THE PRESENCE OF STRONG TURBULENCE.
